## **SB 2698 - HB 3003**

March 4, 2004

**SUMMARY OF BILL:** Creates minimum standards and licensure requirements for permanent cosmetic technicians and operators. Requires technicians, operators and salons to follow the same requirements as tattoo parlors except for some training requirements. Sets license fees at \$50 per year and makes the Department of Health the licensing authority. Applicants must complete training and pass an examination prescribed by the local health department.

### **ESTIMATED FISCAL IMPACT:**

**Decrease State Expenditures - \$7,300**

**Decrease State Revenues - \$19,100**

**Decrease Local Govt. Revenues - \$7,300**

The bill reduces the cost of license fees to \$50 per year from \$140 for technicians and \$280 for studios with a resulting loss of revenue for state and local governments. The bill reduces state expenditures because part of the license revenue collected in metro areas is remitted back to those local governments by the Department of Health.
